BBQ

How our BBQ option works: We come to your venue with our large gas barbeque/s and cook the food ready to serve at your chosen time. We set out the buns, salad, cheese slices and sauces on a table and ask guests to prepare their buns before coming to us for their freshly cooked burger and topping. When we leave, we will leave any uneaten cooked food on a platter for your guests to enjoy later on.

Please note: burger packages cannot be mixed
